

Jean Morgan

April 12, 1933

~

February 15, 2025

Jean Morgan, the most wonderful human being, departed from us on February 15, 2025, in her home—just as she wished. Though we will miss her greatly, we know she is now peacefully in God's care.

Born on April 12, 1933, in Los Angeles, CA, she now joins her husband, Marsh, and her sons, Johnny and Marty. Jean lived an amazing life filled with love, adventure, and a life fully lived every day. She had a constant smile, was quick to laugh, and loved to have fun. Jean volunteered at Twice Nice and wherever she was needed. She played bridge and was a longtime member of the garden club. She helped so many people, always lending an ear to listen. What a strong and inspiring friend we had in her.

She is survived by her many, many friends; her sons, Russ and Gary Stienen; her daughters-in-law, DeeDee and Rosalyn Stienen; her 11 grandchildren; and her 37 great-grandchildren.

Her grandson Jacob shared these words:

“She lived exactly as she wanted, and died exactly when she wanted, as she wanted. She accepted each person as they are with a beautiful hospitality. She entertained happily and abundantly, making sure that everyone was pleasant and comfortable.”

Jean Morgan, you will be greatly missed by all. Rest in peace, dear friend. You have inspired us beyond words.

Celebration of Life details for Jean will be announced in paper soon.
