

Beginning in early spring, the Arizona Department of Transportation (ADOT) expects to begin needed work on three improvements in Oak Creek Canyon between Sedona and Flagstaff.

WHAT TO EXPECT

Construction improvements will take place at the south and north ends of the canyon.

The improvements include:

- Rockfall Mitigation
- Drainage and Sediment Control
- Pumphouse Wash Bridge Rehabilitation

With the exception of limited daytime and overnight closures, SR 89A will remain open to traffic.

SR 89A is currently narrowed to one lane only through the work zone(s) with alternating north- and southbound travel. In addition, 8-foot vehicle width and 30-foot vehicle length restrictions are in place around the clock, seven days a week. Due to the narrow roadway, drivers will have to turn around if their vehicle exceeds the width or length restrictions.

Traffic restrictions using a combination of temporary traffic signals and/or flagging operations will be in place while the improvements are under construction.

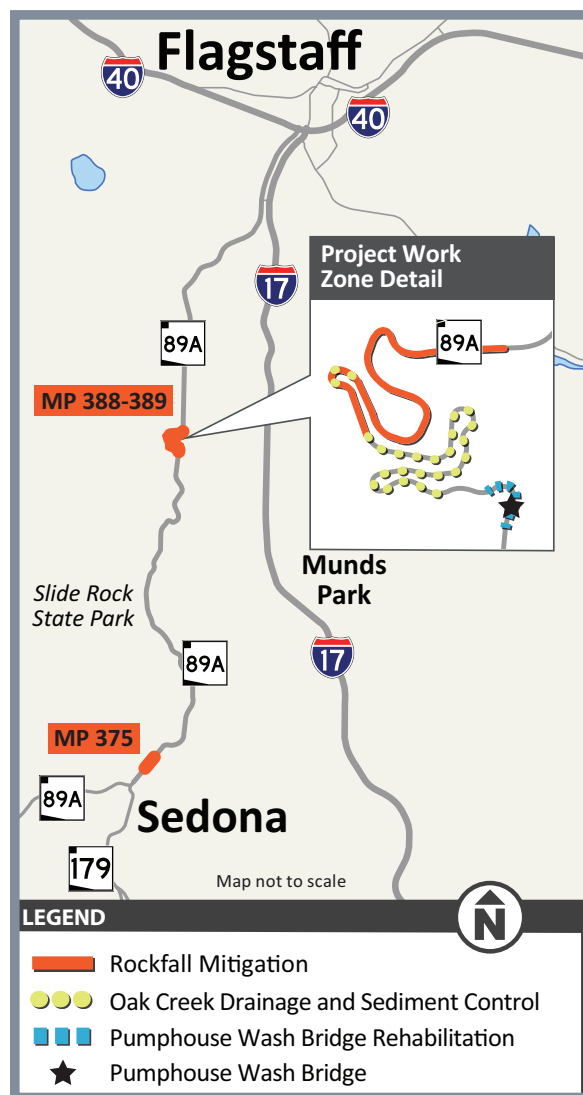

ADOT is committed to completing the improvements as quickly as possible, while balancing the transportation and access needs of local and nearby communities.

The improvements are expected to be completed late 2023.

Scope of work and schedules are subject to change.

Las personas que requieren asistencia (dentro de lo razonable) ya sea por el idioma o discapacidad deben comunicarse a la línea directa bilingüe del proyecto de ADOT al 855.712.8530. Las solicitudes deben hacerse lo más pronto posible para asegurar que ADOT tenga oportunidad de hacer los arreglos necesarios.
